## GENUINE VOLVO PARTS

### Inspect the undercarriage at regular intervals

Undercarriage parts in poor condition have a negative impact on machine safety and reduces stability, shortens the machine's service life, and increases the risk of unplanned downtime.

It's easy to avoid. Let your Volvo Construction Equipment dealer inspect the undercarriage at regular intervals. It gives you several advantages. You get access to specially trained service technicians, our machine is always in genuine condition and, most important of all - you get a productive machine with good total economy.

### Let your Volvo remain a Volvo—with genuine Volvo undercarriage parts

Service and maintenance is the starting point for making your machine investment just as profitable as you want it to be. The key is to let your Volvo remain a Volvo.

With Genuine Volvo parts, you know that the machine's built-in values – such as reliability, performance, safety, and comfort – will last for years to come.

When you choose genuine Volvo undercarriage parts, you get a machine that will function as a complete unit. Down to the smallest detail.

**More care. Built in.**
